MATTHEW HILTON FOR DE LA ESPADA

BRETTON BED

MATTHEW HILTON FOR DE LA ESPADA

DESIGNER

Matthew Hilton

MANUFACTURER

De La Espada

ORIGIN

Portugal

PRODUCTION

Made to Order

DISCLAIMER

Please note that the Bretton legs are made from gravity die-cast aluminium and contain small defects that are inherent to the artisanal manufacturing process. These tend to be imperceptible once installed, and do not affect the overall appearance of the product.

UPHOLSTERY REQUIREMENTS

When using Elmorustical leather to upholster the expansive surface of the headboard, De La Espada's craftspeople will use their discretion to ensure the natural variations in the hide's color and grain are most elegantly displayed. This may mean adding a central stitch line to the headboard.

Please inquire for COM requirements.

MATERIALS/FINISHES

Available in American black walnut, American white oak, or European Ash in a range of finishes, and a range of fabric and leather options. Legs in taupe or black anodised aluminium.

Platform base is black stained MDF with holes for air circulation.

The bed base consists of two timber frames side by side, each with numerous individual timber slats, set approximately 2" apart.
