#### CARE

For satin brass, use the Scotch Brite pad (supplied in the product box) and gently rub the pad in the direction of the grain. Repeat until the natural patina is removed. On rubbing the Scotch Brite to the brass, grains will occur. The colour of the product will temporarily get lighter until it re-oxidises. Make sure the fixture is off before removing the opaline glass sphere from the product. Using a lightly damp cloth, clean only the outside of the sphere.
